#### MANUFACTURE

Our manufacturing process starts in our plant, where our chemists come up with new vibrant colours to create our brightly coloured games. We then cut our material into shapes that make up our products with water jets.

#### DESIGN & QUOTATION

You'll speak to our playground design team, who will create a scale plan for your playground, along with a quotation to fit within your budget. We'll redesign as many times as required to meet all your requirements.

#### INSTALLATION

One of our teams will be with you to brighten up your playground according to the plan. We'll work with you to cordon off areas as needed, and your new playground will be ready to play on within an hour.

#### AFTERCARE

Your new anti-slip markings are durable and can be enjoyed for many years! Use and weather will cause some fading, but will last much longer than paint and our specific formula is designed to last in wet conditions.

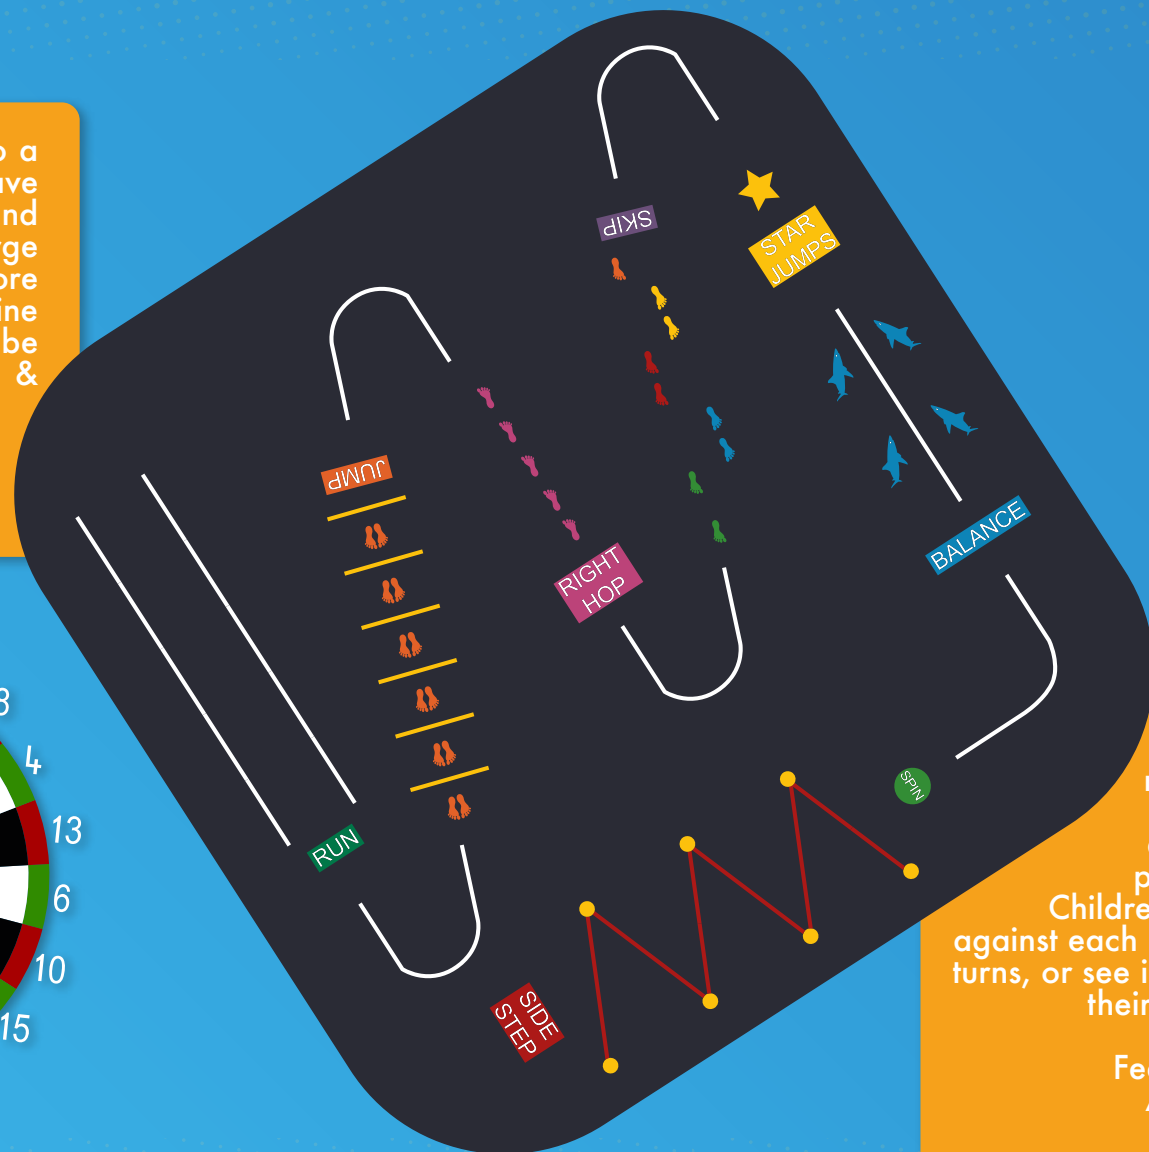

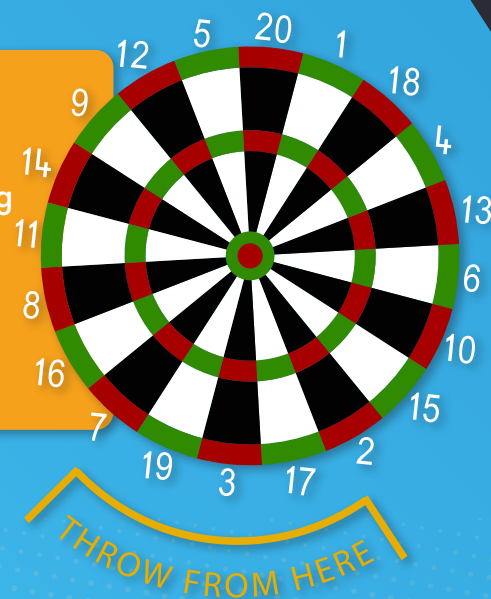

A classic board game turned into a large playground marking! We have options to suit all playgrounds and budgets, from our colourful large and full solid designs to more affordable half solid and outline versions. No playground would be complete without a Snakes & Ladders.

Featured: 1-36 Full Solid  
TMG003-36LF

Targets, including our Bullseye Target are a great way to learn maths on the playground whilst developing aiming and throwing skills.

Featured: Dartboard Full Solid  
TMG002-DF

Our large range of fitness trails makes exercise on the playground fun. Children can compete against each other, take it in turns, or see if they can beat their personal best.

Featured: 8 Piece  
Adventure Trail  
TMF001-8

With Mirror Me, children can develop co-ordination skills by mirroring the other person. A very popular marking!

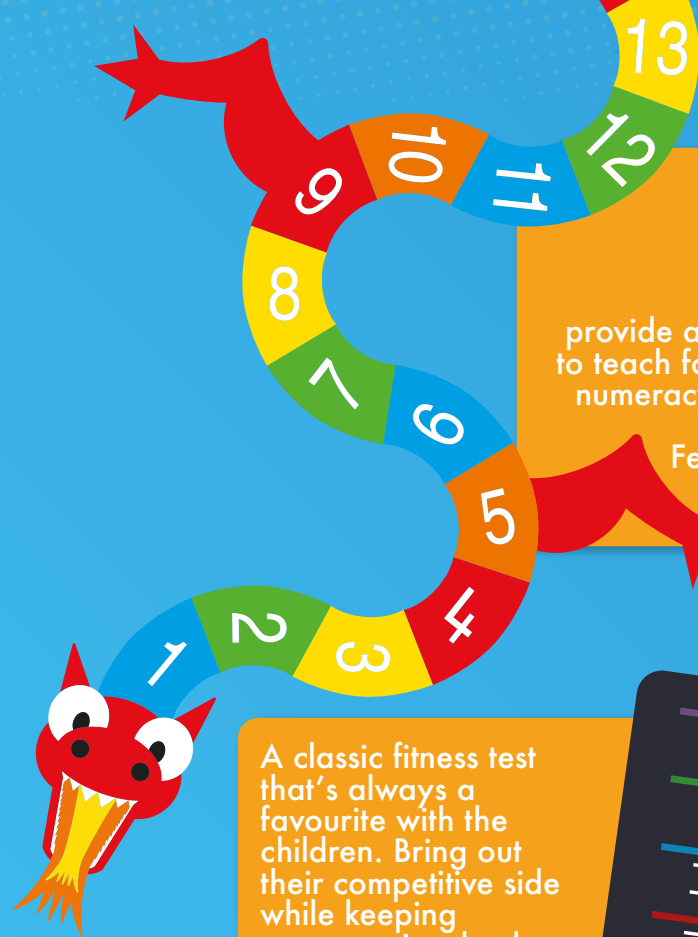

Featured: Mirror Me  
TMG008-2

Hopscotch is a classic playground activity for a reason, so why not triple the fun with a three-way hopscotch?!

Featured: 3-Way  
Hopscotch  
TMG001-3L

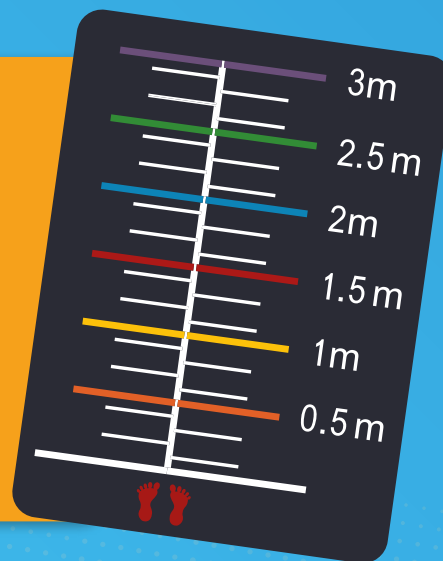

Number Dragons, Snakes, Caterpillars, and Crocodiles provide a fun and vibrant way to teach foundational stages of numeracy on the playground.

Featured: Dragon 1-20  
TME004-20

A classic fitness test that's always a favourite with the children. Bring out their competitive side while keeping everyone involved with this simple exercise.

Featured: Standing Long Jump  
TMF006

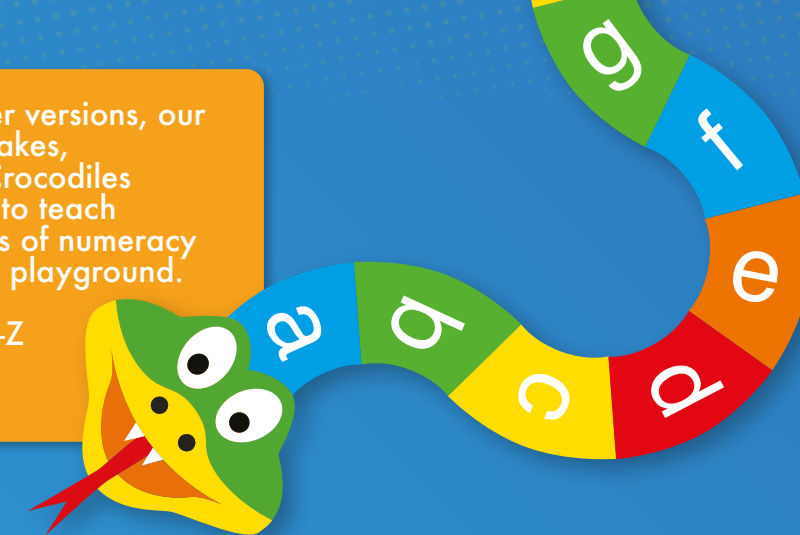

A very popular marking! Road tracks can take any form and are endlessly customisable. Road tracks are a vital part of learning, teaching children road awareness and safety.

Featured: Road Track 1  
TMR015-1

Just like our number versions, our Letter Dragons, Snakes, Caterpillars, and Crocodiles provide a fun way to teach foundational stages of numeracy and literacy on the playground.

# PLAYGROUND PACKAGES

**SAVINGS**  
Up to 20% off

**HANDPICKED**  
By playground experts

**3 SIZES**  
To suit all schools

Our playground markings are more than just colorful designs on the ground – they are pathways to active learning! The packages include an assortment of games and educational markings that promote physical activity, teamwork, and cognitive development. From classic hopscotches to interactive learning games such as frog phonics, every design is chosen to enhance both the body and the mind.

Trust the professionals! Our playground experts have carefully handpicked each product in our packages to ensure a perfect blend of entertainment and educational value. We've made sure that the markings are age-appropriate, durable, and can withstand the excitement of playtime.

Elevate your playground without breaking the budget. Save up to 20%! We believe that every school should have access to high-quality, engaging playground solutions, and our packages make it not just possible but affordable.

We understand that one size doesn't fit all. Our packages come in three sizes to suit the unique needs of your school. Whether you have a cosy playground or a sprawling school yard, we have the perfect package to transform your space into a hub of excitement and learning. Don't worry if the playground sizes shown don't match yours, our design team and installers have years of experience and can suggest layouts suitable for your playground!

## PREMIUM PACKAGE

- Hexagon Hopscotch
- Mirror Me
- Mini Number Target
- Mini Fitness Trail
- Snake 1-20
- 8 Point Star Compass
- Standing Long Jump
- Snakes & Ladders 1-36 Small Full Solid
- Alphabet Shape Spiral
- Solid Fitness Circle (Skip)

## DELUXE PACKAGE

Everything from the Premium Package, plus 2 from the below:

- Fitness Trail 2
- Frog Phonics
- Duck Duck Goose
- 8 Piece Adventure Trail
- Plus a free 1.5m school logo worth £500

## ULTIMATE PACKAGE

Everything from the Premium Package, plus 2 from the Deluxe and 2 from the below:

- Sensory Path
- Tag Team Trail
- Daily Mile Fitness Trail
- Number Grid 1-100 Small Full Solid
- Plus a free 2m school logo worth £650

## CHALLENGE

We were approached by St John's Primary School who were looking to have a complete refresh of their existing markings to liven up the now well used games on their playground. An important consideration for the school was to organise this exciting renovation of their playground in good time to ensure completion by the last week of term as a heartfelt leaving gift, the new markings being a long lasting reminder of the hard work and dedication given to the school by the Headteacher and a cause for a celebratory send-off!

There were several factors for our team to think about; the best solution for either removing or covering the existing markings, budget requirements and the most efficient plan to suit the playground space including for any specific markings requested by the school.

Before

## SOLUTION

Due to how the existing markings had worn on St John's playground our experienced team were able to assess and determine that although removals were a considered option, in this instance due to our ability to manufacture bespoke designs and sizes, we would be able to use our new markings to simply cover over the older designs ensuring that the playground would receive a fresh new look! After discussion with the school, our design team even created a brand new product to reflect their requirement in the form of a vibrant, eye catching QWERTY keyboard as a fantastic addition to the project. Furthermore, as part of our design process, we produced an accurate playground plan as a visual representation, allowing the school to see how the new markings would complement each other as well as fitting the space available.

The school were delighted and instructed us to proceed!

Duck Duck Goose

## OUTCOME

Whilst the agreed markings were manufactured, we updated the school with progress reports before an installation date was then scheduled. Our installers were thrilled to attend St John's and using our new larger markings they set to work overlaying to cover over the old markings so they were no longer visible which provided a complete refresh and a bright new playground for the school to enjoy for years to come! The bespoke QWERTY keyboard really complimented the scheme and thanks to the proficiency of the team, the project was installed within budget, on time and we were able to meet all the design objectives set by the school. The Headteacher was overjoyed with such a wonderful surprise and was able to see the children enjoying the new markings in his honour during the remainder of the term!

Elevate your premises and create a welcoming atmosphere with your logo in thermoplastic!

Our in-house design and manufacturing capabilities allow us to create bespoke logos, symbols, and other markings to help you make a great first impression.

You can also let your school's personality shine with custom additions, creating an environment where students, staff, and visitors feel welcome as soon as they enter!

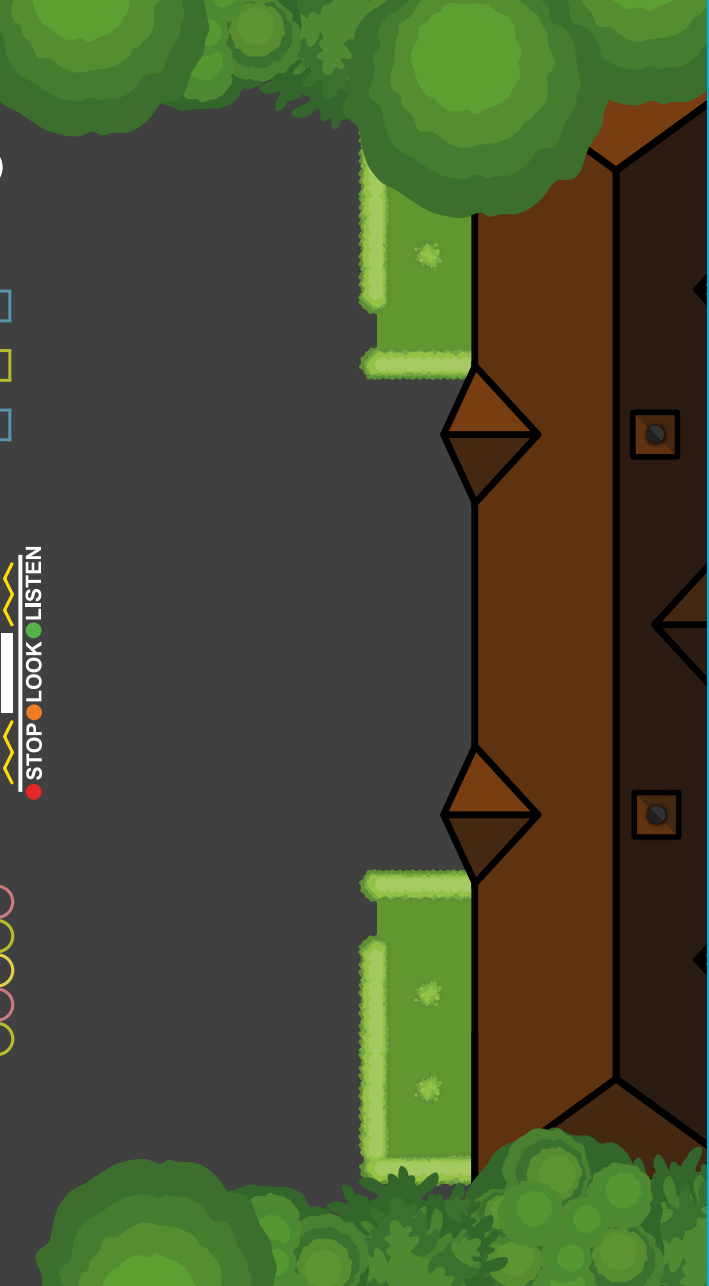

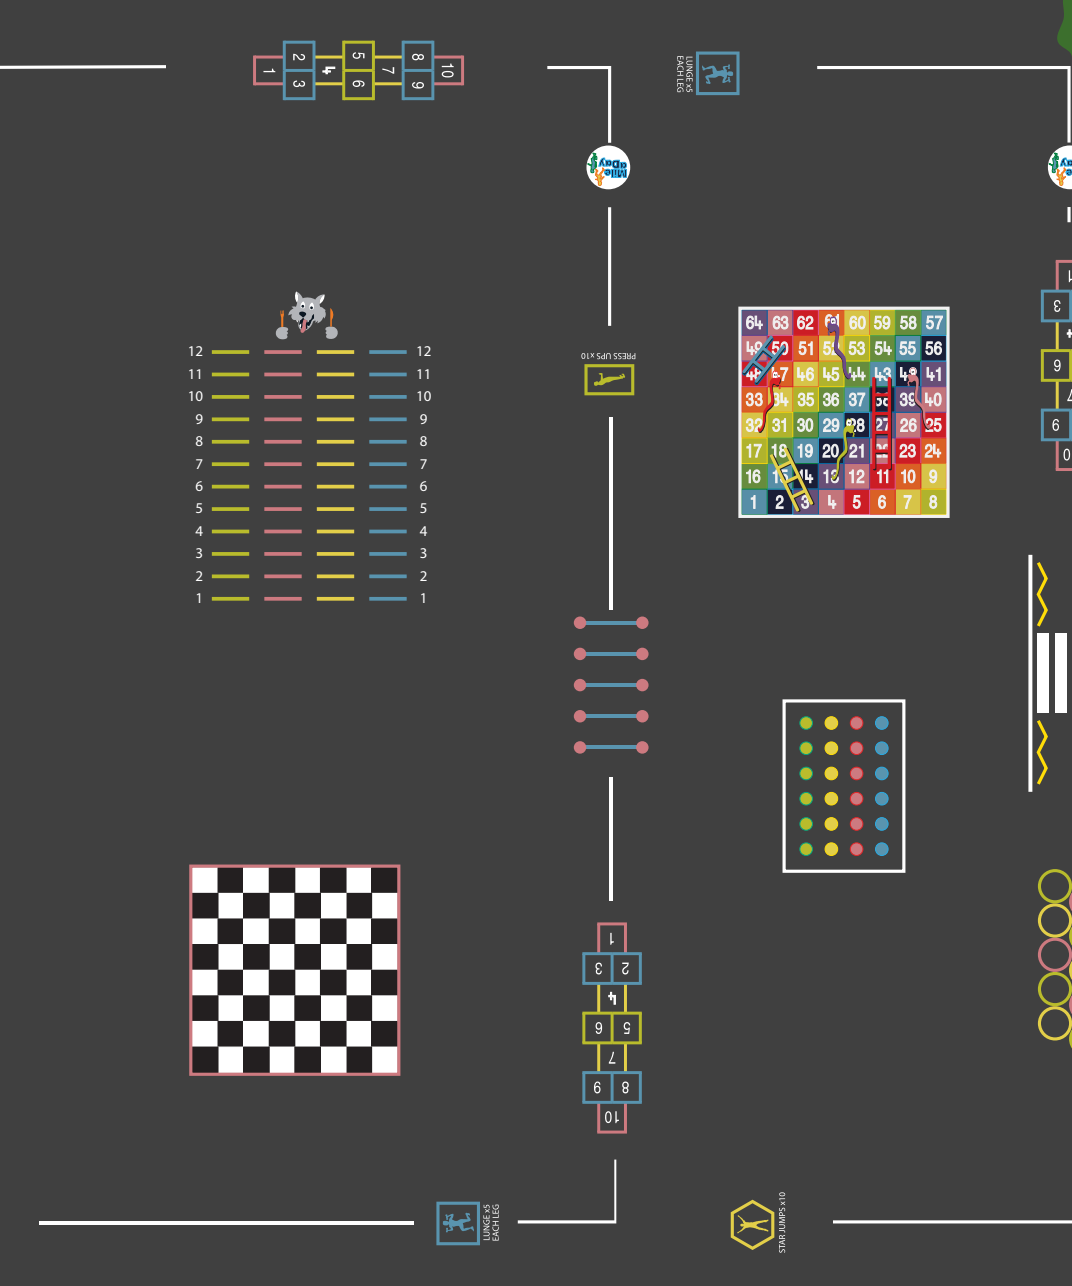

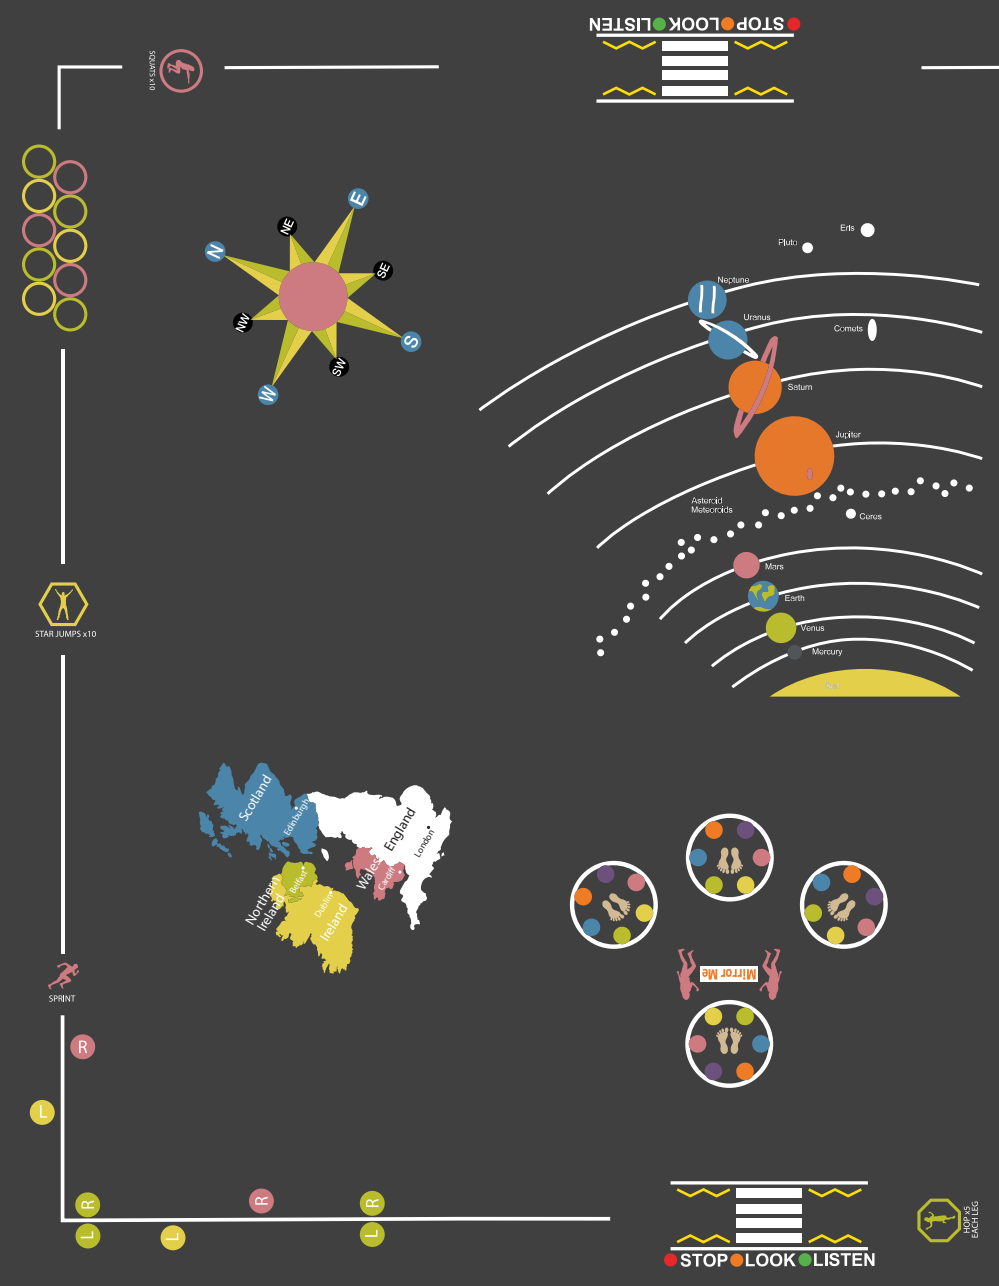

All our markings are available in bespoke colourways, including colours that are suitable for SEND (special educational needs and disabilities) children.

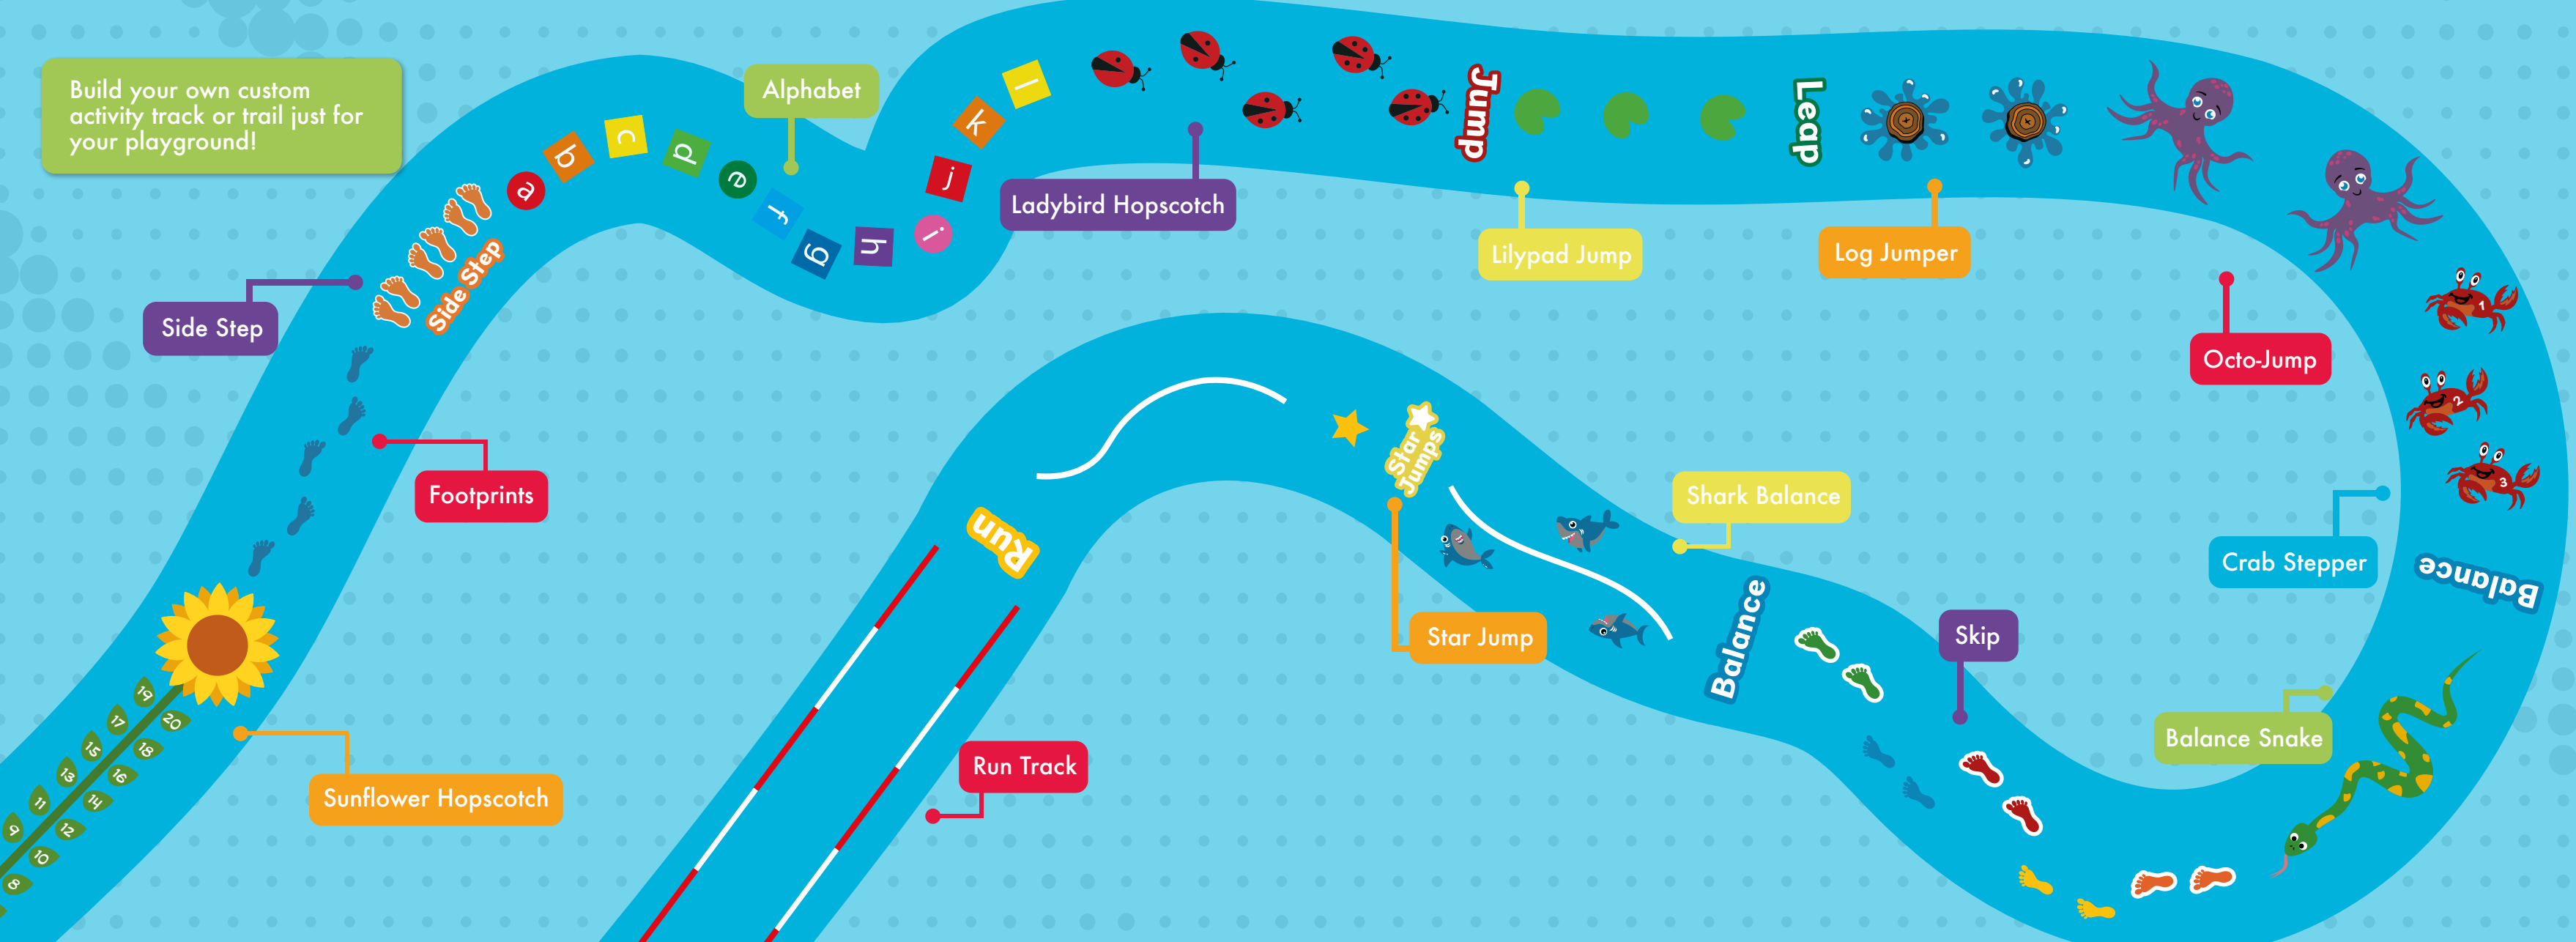

It is common for schools to require less stimulating colours for pupils, so we have a whole palette of muted colours for use in schools that cater to children with special educational needs.

Whether your school is specifically for SEN children, or you simply have a dedicated SEN support team for children that require extra support or attention, our team is on hand to recommend products, create new designs, and help bring to life a playground that's fitting for any special school.

Build your own custom activity track or trail just for your playground!

8 PIECE ADVENTURE TRAIL

A U-shaped trail with various activities. The left side includes 'SIDE STEP' (zigzag line), 'BALANCE' (bats), 'STAR JUMPS' (star), and 'SKIP' (dashed line). The bottom curve is labeled 'TMF001-8'. The right side includes 'RIGHT HOP' (pink box), 'JUMP' (red box), and 'RUN' (red dashed line).

MINI FITNESS TRAIL

A U-shaped trail with various activities. The left side includes 'STAR JUMP' (stars) and 'RUN' (yellow dashed line). The bottom curve is labeled 'TMF001-FM'. The right side includes 'HOP' (yellow dots), 'BALANCE' (pink wavy line), 'STEP SQUARES' (red squares), and 'FINISH' (stars).

FITNESS TRAIL 1

A U-shaped trail with various activities. The left side includes 'START' (yellow hexagon), 'STAR JUMPS X10' (yellow hexagons), 'SQUATS X10' (red circle), 'PRESS UPS X10' (green box), and 'LUNGES 25 EACH LEG' (blue box). The bottom curve is labeled 'TMF001-F1'. The right side includes 'HOP 10 EACH LEG' (orange circle), 'L' and 'R' leg markers, and 'FINISH' (white line).

SENSORY PATH

A U-shaped trail with various activities. The left side includes 'SIDE STEP' (red zigzag) and 'JUMP' (yellow dots). The bottom curve is labeled 'TMT002-1'. The right side includes 'LEAP' (red box) and 'JUMP' (yellow dots).

FAIRY TALE TRAIL

A U-shaped trail with various activities. The left side includes 'UNICORN' (unicorn) and 'RAINBOW' (rainbow). The bottom curve is labeled 'TMT001-1'. The right side includes 'MUSHROOMS' (mushrooms) and 'CASTLE' (castle).

OUTERSPACE ADVENTURE TRAIL

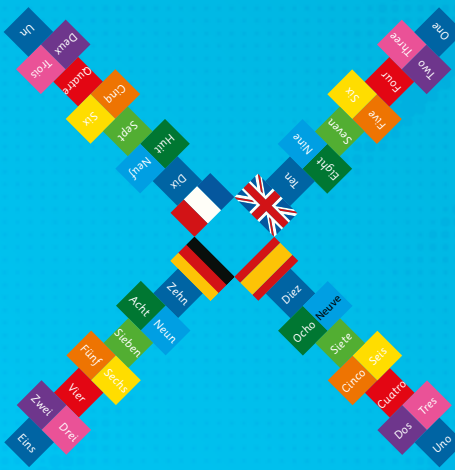

A U-shaped trail with various activities. The left side includes 'COMET POGGE' (comets), 'SPACESHIP SPIN' (spaceship), and 'RUN' (red dashed line). The bottom curve is labeled 'TMT006-1'. The right side includes 'STAR JUMPS' (stars), 'LUNAR JUMP' (moon), 'SHUTTLE SPRING' (shuttle), and 'YOU MADE IT!' (rocket).

### 1-10 HOPSCOTCH

Hopscotch, a classic game that has been enjoyed by generations of children around the world. The game hopscotch is easy to learn and can be played with just a few players or even a large group. The objective of the game is to hop through a series of numbered squares and complete the course without stepping on the lines or losing your balance.

Traditionally, the game of hopscotch is played with a stone or a small object that is tossed into each square before the player hops through it, however we have a large range of themed hopscotches for all kinds of uses, so check our products below!

WIGGLY SNAKES & LADDERS

TMG003-30SNAKE

Snakes and Ladders as a playground marking transforms a classic board game into a dynamic, life-sized adventure. The vibrant, weather-resistant thermoplastic design adds an exciting twist to the traditional game, encouraging physical activity and social interaction. Children roll dice to traverse the board, scaling ladders and navigating down snakes, promoting balance, coordination, and strategic thinking.

This interactive playground feature is popular for a reason; it not only fosters physical and mental development, but also encourages friendship as kids engage in friendly competitions, and injects educational and social benefits into a classic game.

Large map playground markings are educational treasures that turn outdoor spaces into interactive geography lessons. Colourful maps offer a hands-on approach to learning, allowing children to physically explore cities, countries and continents, and the interactive nature fosters spatial awareness and a basic understanding of the world, turning the playground into a dynamic classroom.

Large map playground markings not only encourage physical activity but also spark curiosity, creating a foundation for lifelong interest in global exploration and understanding.

We even have colourful maps to learn world geography, and the ability to include any landmarks as a bespoke option - just speak to our team!
